What is EKOA?

Freedom!

EKOA is a homeschooling community of families and educators who seek a living and free education by transforming the way of looking at learning, relationships, and communication.

They believe in a community education, where the whole family is part of the community, not just the child.

Inclusive Learning

Participation, Autonomy, & Collaboration.

In EKOA, there are core values. And they are...

Sustainability

Main tasks: prepare and lead different workshops and activities (in the field of art, culture, music, dance, sport, language,...) for kids from preschool to 6th grade.
